Seventy-second session
Agenda item 142
Joint Inspection Unit

Report of the Joint Inspection Unit for 2017

Note by the Secretary-General

1. The present note was prepared pursuant to paragraph 17 of General Assembly resolution 65/270, in which the Assembly requested the Secretary-General, in his capacity as Chair of the United Nations System Chief Executives Board for Coordination (CEB), to expedite the implementation of that resolution, including through the expected provision of support to the Joint Inspection Unit by the secretariats of the participating organizations in the preparation of its reports, notes and confidential letters, and through the consideration of and action on the recommendations of the Unit in the light of pertinent resolutions of the Assembly, and to report to the Assembly on an annual basis on the results achieved.

2. In accordance with the statute of the Unit, the Secretary-General, in his capacity as Chair of CEB and through the secretariat of CEB, performs functions that support the work of the Unit, mainly in the preparation of reports that concern more than one organization.

3. In accordance with the mandate of the Unit, once a report on an issue of a system-wide nature has been finalized by the Unit, the secretariat of CEB circulates it to United Nations system organizations that are members of the Unit. The secretariat requests the organizations to make comments on the final version of the report, including on the methodology used by the Unit during its preparation and the content and value of the recommendations made therein. Although each organization addresses the recommendations within the framework of its governing bodies, the comments, which are collated and issued as United Nations documents under cover of a note by the Secretary-General, reflect the overall consensus of the United Nations system. During this process, and as a matter of normal practice, the secretariat requests organizations to respond within the deadline provided in order to produce the comments of the Secretary-General and those of CEB members within the mandated time frame. In this regard, throughout 2017, the secretariats of CEB and the Unit continued constructive dialogue regarding the timely preparation of the notes by the Secretary-General containing those comments.

4. In addition to preparing the note by the Secretary-General on reports of the Unit on issues of system-wide concern, the secretariat of CEB continues to work closely

with the Unit on the preparation of its annual programme of work. It provides substantive input regarding specific proposals and facilitates the process as requested by the secretariat of the Unit.

5. The secretariats of CEB and the Unit continue to engage in a dialogue that ensures a smooth report preparation process as the Unit maintains its focus on issues of a system-wide nature. In 2017, for example, the secretariat of CEB provided comments on draft reports being prepared by the Unit and finished providing input for the review of the acceptance and implementation by organizations of Unit recommendations that had been directed at CEB. Furthermore, the Unit held consultations with the Information and Communication Technology Network at its twenty-eighth session.

6. In 2017, the Secretary-General, in consultation with members of CEB and in accordance with procedures set out in chapter II, article 3, of the statute of the Unit, reviewed the qualifications of inspectors proposed to fill a vacancy that occurred in 2017. Furthermore, the Secretary-General consulted members of CEB regarding the appointment of the Executive Secretary of the Unit, in accordance with chapter VI, article 19, of the statute.

7. The Secretary-General remains committed to maintaining a close working relationship with the Unit and encourages all organizations to respond in a timely manner and in a spirit of cooperation to its requests.
